

## FUTURE-PROOFING RESEARCH: RESEARCH DATA MANAGEMENT FOR PROGRAM MANAGERS

Would you like to:

- Examine and discuss Research Data Management (RDM) practices for Research Programs and Cooperative Research Centres which are multi project and multi stakeholder inclusive.
- Understand requirements for RDM governance and tooling to support Research Programs.
- Explore culture change approaches to RDM strategy and practices for institutions/organisations managing Research Programs.

If so, please join us for our Future-Proofing Research: RDM for Program Managers event. **Book your spot here**:

Date: 24 October 2024

Time: 9.30am – 4.30pm

Venue: Federation University, Greenhill Enterprise Centre, Mount Helen Campus, Ballarat (in-person only event)

This workshop is aimed at Research Program Leads, Program Managers, Research Centre Managers, RDM Managers and Data Stewards
